

Get high-quality care with Carrum Health

Carrum Health makes it easier and less expensive for you to get the best possible surgical care while saving you money. PRISM offers Carrum as a benefit to employees, early retirees (pre-Medicare), COBRA participants, and dependents who are enrolled in eligible PRISM Anthem or Blue Shield medical plans. to ensure you have access to top surgeons and cancer specialists at leading hospitals nationwide

Surgical care

Carrum Health works with the top surgeons in the country to provide the best possible care for a variety of conditions, including:

Musculoskeletal

Total joint replacements and surgical repair of your bones, joints, muscles, and ligaments. Surgeries include hip, knee, shoulder, wrist, hand, ankle, and foot surgeries.

Spine

Surgical repair of your spine including spinal fusions and spinal decompressions.

Heart

Non-emergency procedures, including coronary bypass, cardiac implants, cardiothoracic surgery, and more.

Hysterectomies

Removal of reproductive organs to help with conditions such as chronic pelvic pain or irregular bleeding.

Bariatrics

Gastric bypass surgery, gastric sleeve surgery or sleeve gastrectomy and gastric revisions.

Cancer care

If you or a dependent are diagnosed with cancer—or even if results suggest it—Carrum Health connects you with top cancer specialists. Your coverage includes:

Guidance and expertise

With Carrum Health, you have access to expert second opinions and personalized care plans for most cancer types (excluding non-melanoma skin cancers)—often available virtually from the comfort of your home.

Treatment

For first-time, non-metastatic breast, thyroid, and CAR T-cell therapy for some blood cancers, most, if not all, costs are covered for treatment, including chemotherapy, radiation, and surgery.

Ongoing support

Get virtual support from expert nurses who can answer cancer-related questions, discuss appointments details, and provide ongoing assistance for up to 2 years.

Carrum Health's cancer care navigators are also here to guide and coordinate your care every step of the way.
